## BOMB THROWER NOT A PERSIAN, ENVOY DEGLARES

His Race, He Says, Would Use Gun or Knife.

ever were used in Persia for such a dastardly purpose," said Gen. Morteza, Khan, envoy extraordinary and minister plenipotentiary from the Shah, last evening, in talking of the attempted assassination of the Shah.

"I do not believe it was thrown by a Persian, but by anarchists from some other country. It is not the Persian way of doing things. In that country whenever an attempt has been made in the past on the life of a high official, a gun or a knife has been used-never bomb. It is an innovation.

"If a native did throw it, it was one who has been in a foreign country, where he learned the use of the I cannot conceive of a Persian throwing it. The people love their ruler, and would take it as a calamity should such an attempt succeed.

I received a cablegram informing me that an attempt had been made on the life of the Shah, and that two persons were killed and eight injured by the explosion of the bomb. It happened while the Shah was on his way from the palace in Teheran to one of his country estates a few miles outside the The Shah was driving in an automobile, which he has bought recently, when some one in the street threw the bomb directly under the machine. "I do not believe the statements tha

the attempt was made on the Shah's life by subjects who resist the taking away of the constitutional government The Constitutional party in Persia is not composed of anarchists or assassing and would take no such means to gain an end. They are conservative men Therefore, I am convinced that the bomb was thrown by some anarchist use of explosives in other countries.

# MITE TO CHARITY

Helps to Swell Fund of Joint Finance Committee.

A woman who earns her own living by taking in washing has contributed 25 cents to the joint finance committee representing the Associated Charities, Citizens' Relief Association, and Com-mittee on Prevention of Consumption. With her gift she has sent a letter say ing that she is a widow, is not able to give a great deal, but desires to help as

much as she can. Mr. Rudolph, chairman of the joint finance committee, says that this gift of 25 cents is appreciated by the committee as much as larger sums given by people of greater resources.

he committee still has to raise \$8,822 to complete for the present year the

finance committee has received and know all about it, but the few favored sion, there was broughtransferred to John Joy Edson, treas-ones who saw its uses practically de-evidently one of the committee. urer, the following contributions:

J. G. Staack
Sophie Meissner.
James C. Wheeler

Its Use in the Army.

Mme. Jacques came to Washington weight of their body on them, and = stride along with the lower muscles of the body all out of place. And, further, she said, that until they adopt the corset, which in reality is nothing more than a broad belt, they will get old and fat and useless long before their time.

Mme. Jacques says she has been working on this model thirty-five years, and came to Washington because of the continued disqualification of men in the army because of their physical disdisability caused by nothing else than their unintentional neglect of the muscles of the lower part of the body She says men should not wear sustenders or suspender garters. She didn't advocate baby blue and sky pink garters with silver buckles, but she demonstrated in her lecture that she knows what she is talking about, and her study of the masculine 'carriage has manifestly been long and exhaustive.

Without Clothes Corsets. Mme. Jacques dressed in masculine attire once without the support of the "clothes corset." Her figure could hardly be accepted as the one which only a few minutes before had shown up in the smart outlines of an afternoon the contrary, for that of a man fast growing fat, and unable to stand erec and free from restraint.

### Keep Cascareis in your pocket. Take one as soon as you need it. It is old fashioned and wrong to take harsh doses of physic.

We all live unnaturally.

Our food is too fine, too rich and too plentiful. We eat too little fruit, too few green vegetables. We don't exercise enough.

The result is, our bowels get clogged; for Nature intended us to live in a different way.

What shall we do?

Shall we walk ten miles a day? Shall we diet ourselves? Shall we seek for more laxative, and less costive effect in our food?

Or shall we take Cascarets?

One way will serve just as well as the other.

Cascarets are vegetable laxatives. Their action is as natural as the action of fruit, of coarse food or of exercise. They are gentle. They persuade the bowels-never drive them or

They are candy tablets, and the dose is one at a time-just as soon as you know that you need it. It is wrong to take harsh physic and to wait till you need a big dose.

It is better to keep at your best, every hour of every day. And one Cascaret at a time is sufficient. That means to keep clean inside.

Cascarets are candy tablets. They are sold by all druggists, but never in bulk. Be sure you get the génuine, with CCC on every tablet. The price is 50 cents, 25 cents and Ten Cents per Box

## OIL MAN REVEALS STANDARD METHODS

at Hearing of Cut

Further evidence of the competitive methods of the Standard Oil Company was given at the hearing yesterday aft- islation in Congress, in order to suppress has had extensive experience in departthe stand to amplify upon their former testimony regarding rates made to the PIED PIPER ONLY LACKING Standard and independent concerns. Mr. Findlayson detailed graphically

the price-cutting which had been forced by the Dixie works, and the absolute mastery which the Standard exerted over the oil market. He testified that is being made on the plague in San the Dixie company gave five gallons Francisco, Oakland, and other Pacific of oil free to customers who purchased coast cities, recording to the public twenty gallons or more at the regular health report issued yesterday by the price. He underwent a searching cross-examination by Attorney Rosent et, for the Standard Oil Company, whi n developed very little additional informapany also had entered into contracts the regular market, and that Mr. Find-layson had attempted to ameliorate the situation by trying to secure an agreement between his company and the

Both Special Examiner Ferriss and pecial Attorney Kellogg were absent rom the hearing yesterday. In the lat-er's place Attorney Morrison conducted the examination of witnesses for the
